What port is used by the HTTP Service?

-ANS: 80

What software is used to access the internet and view a webpage?

-ANS: Web Browser

What tag is used to comment in HTML?

-ANS: `<!--`

Flag.txt?

-ANS: if you look at the source code

```
</div>  
  
!-- TODO: move the flag "/anwvdzqtcucr/flag.txt" in a more secure location -->  
<script>  
    function learnMore() {
```

and you will get the flag easy :)
